BULLION

PRODUCT CATALOGUE

abcbullion.com.au 1300 361 261

I am pleased to welcome you to the ABC Bullion range of products and services. ABC Bullion buys, sells and distributes a wide range of physical gold and silver bars and coins to suit all types of investors, from retail clients to SMSF Trustees and Wholesale Managed Funds.

From our incredibly popular 1kg ABC Bullion Cast Bar Gold that is a favourite amongst SMSF Trustees and our pool allocated products, to our signature Eureka Minted collection that gives our clients a physical piece of Australian history, we have products to suit everyone looking to purchase physical bullion.

ABC Bullion one kilogram cast bars are internationally recognised through The London Bullion Market Association (LBMA) and come complete with serialisation and certification for added security and authenticity.

All ABC Bullion products are available for you to purchase online abcbullion.com.au, over the phone **1300 361 261** or in our showrooms in Sydney and Perth.

WELCOME TO ABC BULLION

ABC Bullion is *the* Australian Bullion Company.

Trading continuously since 1972, ABC Bullion is Australasia's largest independent bullion dealer, and our brand of precious metal is widely regarded as one of the vs of the Australian physical gold trading system.

Through our network of offices and dealers in Australia and Hong Kong (SAR), ABC Bullion provides the following services:

- Bullion Sales, Trading and Buy Backs
- Fully insured Bullion Storage
- Pool Allocated Precious Metals
- Bullion for Self Managed Superannuation Fund (SMSF) investment
- Logistic Solutions for Global Delivery

ABC Bullion is the official manufacturer of the Emirates Melbourne Cup, and is also the exclusive Australian distributor of the PAMP range of precious metal products.

ABC Bullion is a Pallion company.

SALES, TRADING & BUY BACKS

At ABC Bullion, giving clients the maximum flexibility when it comes to trading and investing in physical bullion is a key priority. Our clients have the choice of trading three ways:

- Online via our website, abcbullion.com.au 24 hours a day
- Over the phone, by calling **1300 361 261**
- Our showrooms in Sydney and Perth, which are open from 8.30am – 5pm Monday through Friday

Clients do not need to pre-fund their purchases in Australia, and we guarantee to buy back any ABC Bullion products at any time. With annual turnover in excess of \$2 billion per annum, our size and position in the industry gives us sufficient liquidity to deal with all clients.

ABC Bullion will make payment to our client's designated bank account with funds typically received within 1 to 2 business days of sale.

ABC
BULLION

THE ABC BULLION PRODUCT RANGE

POOL ALLOCATED BULLION

Investors in ABC Bullion Pool Allocated products buy a 'share' in a pool of physical gold, silver, platinum or palladium, instead of purchasing a specific physical precious metal bar.

ABC Bullion Pool Allocated products are 100% backed by physical metal, with metal holdings independently audited on a quarterly basis. Key benefits of ABC Bullion Pool Allocated products include:

- Lowest trading premiums
- Free storage
- Highly liquid and easy to trade
- Fully insured for its replacement value
- Subject to quarterly independent audit
- Can be converted anytime to physical bars (charges apply)

GOLD CAST BARS

1kg ABC CAST BAR GOLD	
Purity	999.9+
Origin	Australia
Length	117.5mm
Width	53.1mm

The Eureka

The Eureka is the ABC Bullion signature minted collection. An exceptionally high quality finish is a recognised ABC Bullion hallmark. All metal used in Eureka production is sourced solely within Australia.

Set against an iconic Australian backdrop, the Eureka range captures the spirit of a definitive moment in Australian gold mining history, The Eureka Rebellion. Also referred to as the Eureka Stockade, the Eureka Rebellion is a key event in the birth of Australian democracy and the term “Digger”.

All Eureka minted coins and tablets are wholly produced in Australia using the latest in international minting technologies and struck from the finest precious metal, certified by the LBMA accredited ABC Refinery laboratories.

Each bar is individually serialised and sealed in protective ABCEal™ packaging guaranteeing origin, assayed fine precious metal content, weight and quality.

ABC BULLION STORAGE SOLUTIONS

At ABC Bullion, we provide three different storage solutions for our clients, including:

- Pool Allocated Storage
- Secure Storage
- Premium Storage

All metals stored with ABC Bullion are fully insured for their metal replacement value.

All client metal held in storage with ABC Bullion is independently audited quarterly, providing clients with additional assurance regarding the security of their metal holdings.

PREMIUM STORAGE

Premium Storage is available for all precious metals that are manufactured with a unique serial number, including our 1kg ABC Bullion Cast Bar Gold and our 1kg ABC Bullion Cast Bar Silver products.

These bars are specifically allocated. If a client withdraws their product, they will receive the exact bar with the same serial number and Certificate of Authenticity in return.

Storage fees are charged on a quarterly basis as a percentage of the overall holdings. Independent audit reports are conducted every quarter.

SECURE STORAGE

Secure Storage is available for standard bullion products purchased through ABC Bullion, including our 1oz ABC Bullion Cast Bar Gold, our 5kg ABC Bullion Cast Bar Silver, and our range of coins.

Our clients metal is held in secure storage, alongside other precious metals.

When 20 kilograms in gold, platinum or palladium or over 100 kilograms in silver are held, clients receive significant discounts on the storage fees. Independent audit reports are conducted every quarter.

CUSTODIAN VAULTS STORAGE

ABC Bullion can also assist if you prefer to store your physical precious metals privately, in your very own safety deposit box.

Custodian Vaults, is the perfect storage solution for physical bullion, along with your other valuables such as jewellery, cash, legal documents, hard drives etc.

- Professional and discreet concierge service
- Advanced biometric authentication and 24 hour protective security
- Access 6 days a week for long or short term leasing
- Insurance coverage available
- Large range of sizes holding up to 240 kilograms
- Assistance with bullion sales and transfers from selected partners
- Assistance with SMSF inventory statements
- Complimentary tours

If you wish to view the vault, we can arrange a complimentary tour. Alternatively, you can visit custodianvaults.com.au or call 1300 665 765 for further information.

Vault with Confidence

LOGISTICS

At ABC Bullion, we understand the importance of a service that can deliver our clients investments to them quickly and securely.

ABC Bullion partners with leading logistics companies to ensure secure and prompt delivery of all precious metal purchases.

ABC Bullion transports clients metal within one working day of receiving cleared funds.

For your peace of mind, all deliveries include full insurance cover and tracking.

ABC BULLION INVESTOR CENTRE

ABC Bullion's Investor Centre is Australia's leading precious metals investment education centre. It contains a wealth of knowledge on the key factors influencing the physical gold and silver markets, as well as research into currencies, interest rates, share and fixed income markets, property and superannuation.

ABC Bullion's Investor Centre is overseen by Chief Economist Jordan Eliseo, who has close to 20 years experience in the financial sector, working internationally and in Australia for companies including Deutsche Bank, JP Morgan, Threadneedle, Cazenove and AMP Capital.

ABC Bullion is a regular contributor to many Australian and International news media outlets, including Bloomberg, CNBC, Forbes, The Australian, The Financial Review and Reuters.

SUPERANNUATION FUND INVESTMENT

ABC Bullion is a specialist in the supply of physical precious metals to superannuation funds and provides Australia's premier platform for the online trading and storage of bullion for Self Managed Super Funds (SMSF).

Over the last decade, there has been a noticeable increase in SMSF Trustees investing in physical bullion, as it offers a number of benefits to a well-balanced portfolio.

These benefits include:

- Diversification from the stock market
- A natural choice in low interest rate environments
- Protection against a falling Australian Dollar
- A hedge against potential inflation and higher volatility in markets and the economy
- Strong long-term returns in their own right, with gold rising by approximately 9% per annum over the past 40 plus years

If you already have a Self Managed Super Fund you can open an account online and begin trading immediately.

Alternatively, ABC Bullion along with Super Accounting have joined forces to offer you assistance in opening and kick starting an SMSF. If you would like further information or to book a consultation with Jordan Eliseo or John Feeney, our SMSF and Bullion specialists, please call us on 1300 361 261 or email us at comms@abcbullion.com.au

ABC REFINERY

ABC Refinery has been involved in the refining and processing of precious metals in Australia since 1978 and is the exclusive producer of the ABC Bullion product range.

ACCREDITATIONS

ABC Refinery is the only independent LBMA accredited gold refinery in Australia. ABC Refinery's appointment to this exclusive list is a testament to its ability to refine and produce gold products to LBMA level, universally regarded as the highest international standard.

The ABC Refinery laboratory is the only Australian refinery laboratory to have been awarded National Association of Testing Authorities (NATA) accreditation for the laboratory analysis of gold, silver and their alloys.

The ABC Refinery laboratory is also accredited as a Public Testing Service compliant with ISO (International Organization for Standardization) and IEC (International Electrotechnical Commission) Standard 17025:2005 for the analysis of gold, silver and their alloys. In addition, ABC Refinery is accredited as compliant with Australian Standards (AS) and ILAC (International Laboratory Accreditation Cooperation).
